Preston Rowe Paterson Selects Yardi Voyager 7S

Australian firm leverages browser-agnostic, mobile-enabled real estate platform

Sydney, Australia, June, 2014 – Yardi announced today that Australian property management and services company Preston Rowe Paterson Sydney has selected Voyager® 7S, a browser-independent, mobile-enabled platform, as its new property management and financial management system.

“We’re excited to be working with Yardi after having gone through an extensive selection process,” said Greg Preston, director for Preston Rowe Paterson. “Voyager gives us the foundation to continue to expand our business and while increasing the breadth of services we can provide clients. By leveraging the Yardi Cloud, our team is able to focus on client excellence, leaving the complexities of managing complicated IT systems to Yardi and their local customer support team in Sydney.”

“Yardi is pleased to welcome Preston Rowe Paterson as the latest company in Australia to adopt Voyager 7S as their real estate services platform. Voyager 7S is an extendable platform that allows clients to add new features without the hassle of complex integration. We look forward to working closely with Greg and his team,” said Neal Gemassmer, vice president of international for Yardi.
